Create a Saltwater Oasis
THE HEAVY-DUTY STANDARD FOR MAXIMUM PERFORMANCE

AquaPure salt-water chlorine sanitizing systems use salt-water to deliver high-performance water sanitation with uncompromised performance, reliability, and hydraulic efficiency.

» Robust Features

• Automatic self-cleaning feature, which ensures consistent operation and extends the life of the cell.
• Professional-grade, ruthenium coated titanium electrodes for long-term reliability.
• Exclusive Tri-Sensor technology — reliable electronic water flow detection to ensure maximum performance, even at very low flow rates (to take advantage of the benefits of VS pumps).
• Digital salinity read-out for accurate salt level indication
• Flow, temperature, and status readings provide instant feedback on the current operation.

» Easy Integration

• Seamless communication with AquaLink® Control systems, enabling easy monitoring of salt levels and convenient, precise sanitizer output settings.
• When combined with PureLink™ power centers, AquaLink and AquaPure work together for the ultimate in pool sanitizing and remote operation convenience.
